**Major General Arno H. Luehman, USAF
Commandant, Air War College
Maxwell Air Force Base, Alabama 36112**

Dear General Luehman:

We shall be happy to comply with your request of 14 January 1966 to Admiral Raborn to provide a speaker on "The Chinese Scientific and Technological Potential."

Dr. Donald Chamberlain, our Director of Scientific Intelligence, will be glad to make the presentation on Wednesday, 13 April 1966. Dr. Chamberlain sees no objection to having the Royal Air Force and Canadian Air Force officers attend, but feels that, if they are present, it would be wise to keep the presentation at the SECRET level.

I have forwarded the curricular material and biographic form to Dr. Chamberlain. Please feel free to have your staff contact his office directly regarding appropriate administrative arrangements. Dr. Chamberlain can be reached on Area Code
